

NEW DANCERS GUIDELINES

- Dances start at 6:00. Out of respect for your fellow classmates and the caller, please be on time.
- Be a courteous dancer. Please do not talk while the caller is teaching – you may miss something. This also applies to the angels.
- Attire – The attire is casual during classes. When you begin attending regular Monday night dances, square dance attire is required.
- At each dance you will learn new steps while building on the ones previously taught. There isn't much room for you to miss any of these dances. Since there are only 12 set dances, it would not be fair to the caller and your fellow dancers to have to wait for you to catch up. If there are extenuating circumstances, please speak with Wes/Connie or Bubba.

- The dues are as follows – payable at the start of each month:
 - \$25.00 per month

- Dancers must be at least 12 years of age to take lessons and 13 years old (at graduation) to become a member. Please see a board member with any questions.

- Have fun. This is probably one of the most important rules. Square Dancing is a great way to exercise, meet people, make new friends and relax. It all begins with a smile and a whole lot of FUN.
